REHABILITATION

OUR MISSION

We create opportunities and transform lives.

OUR VISION

We strive to be the leader in maximizing access to innovative services with exceptional results.

OUR CORE VALUES

Celebrate the Individual • Inspire Excellence • Serve with Integrity • Lead with Passion

OUR CULTURE

We share in a collective spirit motivated by our mission, inspired by our vision, and guided by our core values. Grounded in purpose and focused on impact, we are a results-driven team upholding superior standards through dynamic collaboration. We are positive thinkers who embrace problem-solving, personal responsibility, and courageous growth. Our professional, respectful, and affirming interactions prioritize dignity, empathy, and empowerment. We are passionate advocates, experts, helpers, leaders, and teachers who honor the privilege of serving each other and our community. We are Origami.

OUR IMPACT

Origami Rehabilitation is a nonprofit that helps children and adults with neurological, developmental, mental health, and orthopedic conditions reach their rehab goals. Whether it's someone who has suffered a traumatic brain injury, a child unable to walk due to developmental issues, or someone in need of mental health therapy - we provide innovative, holistic care in a warm and compassionate space. We meet individuals where they are in their recovery by offering short-term and long-term outpatient and residential care. With the support of generous donors, we help people rebuild a life they love by breaking down the barriers to care. Our work is truly inspiring and life changing.

We are  Origami
